

Le Wagon October 29th, 2024

Le Wagon Tokyo

Ruby Foundations

Programming for Everybody Webinars

What is **Le Wagon**?

Le Wagon has been ranked the #1 coding school in the world for 3 years, according to students on [Switchup](#).

We help our students re-invent their career with technology, through immersive bootcamps in Web Development and Data Science.

We teach these in both 9-week (full time) and 24-week (part time) programs.

Le Wagon

Overview

We are providing students with the skillsets necessary to future-proof their career.

A teaching of excellence

4.99/5 ★

Always work hard
on something
uncomfortably exciting

- Larry Page

Course's Mindset

A photograph of four people in a meeting. On the left, a woman with dark hair is looking at a laptop. Next to her, a man with curly hair is pointing at the screen. In the center, a woman with blonde hair is looking down at a tablet. On the right, a man with dark hair is resting his chin on his hand, looking thoughtful. In the foreground, there is a brown leather bag and a laptop with an Apple logo. The background is filled with large green plants.

Objective

Our goal is to provide **context** for what you will learn in Codecademy, and to show you what you can do with the knowledge acquired.

Our methodology

- Practice > Theory
- Learn together
- Show, not tell

More than **1,500 participants** over the past 4 years!

What we will teach you

- Ruby foundations & syntax 💎
- Core notions of programming 👩👨💻

What we will not teach you

- Front-end 📱
- Building web applications 📠

⚠️ ***This course is not a bootcamp!*** ⚠️

What makes a successful student 🎓

- Punctual for lectures: **We start at 7pm JST!** 🕒
- Complete **Codecademy** module in advance 🧐
- Not afraid to ask **questions** ?
- **Practice** makes perfect (REPL & Codewars) 🥊

Tools

Zoom: to attend live sessions

Slack: to ask questions and connect

Github: to get the course's material

_Codecademy: to learn on your own

REPL: to practice and go further

- Your  and 

Schedule

Ruby Foundations

Tue, Oct 29th **Kick-off | Introduction to Ruby (1 module)**

Thu, Oct 31st **Ruby Flow: Conditionals | Looping with Ruby (2 modules)**

Tue, Nov 5th **Data Structures: Arrays | Blocks & Sorting (2 modules)**

Thu, Nov 7th **Hashes & Symbols (1 module)**

Tue, Nov 11th **Object Oriented Programming: Part I & II (2 modules)**

Daily Schedule

Monday | Wednesday | Friday

19:00 - 20:00 Recap of the concepts for the day's modules

20:00 - 20:15 Going further (mini-programs, livecode, challenge)

20:15 - 20:30 Q&A session

Slack Channel: #codecademy-questions (it's a team effort!)

The Team

Sasha Kaverina

Community & Events Manager

Sasha takes care of our amazing Le Wagon Tokyo community and events! She has been living in Japan for 3 years, speaks Japanese, and is coming straight from Kyoto where she was working for a Japan-based venture capital.

Douglas Berkley

Tokyo Bootcamp Manager

An alumni of the first batch in Tokyo, Douglas joined a local startup after graduating to gain experience as a fullstack developer. He joined the Japan team in 2018 as our Tokyo driver, giving students the best Le Wagon experience every day.

Yann Klein

Driver

Yann is the driver for our part-time bootcamp. He has been living in Japan for 9 years, speaks fluent Japanese, and was developing VR applications using JavaScript before joining our team.

Sylvain Pierre

Le Wagon Japan co-founder

Sylvain is the co-founder of Le Wagon in Japan. He mainly takes care of the community, and loves to teach programming and product development fundamentals to beginners.

One more thing...

Certificates 🎓🎓

- Attendance to **ALL** live sessions
- Ruby Codecademy track **100% completed**

THIS CERTIFIES THAT

John Tanaka

HAS SUCCESSFULLY COMPLETED THE

10-hour Ruby foundations webinar series

It will be intense
You will nail it 🚀!
