

Le Wagon November 11th, 2025

Le Wagon Tokyo

Ruby Foundations

Programming for Everybody Webinars

What is **Le Wagon**?

Le Wagon has been ranked the #1 coding school in the world for 4 years, according to students on [Switchup](#).

We help our students re-invent their career with technology, through immersive bootcamps in Web Development, Data Science and Data Analytics.

We teach these in both 9-week (full time) and 24-week (part time) programs.

Le Wagon

Overview

We are providing students with the skillsets necessary to future-proof their career.

A teaching of excellence

4.98/5 ★

Always work hard
on something
uncomfortably exciting

- Larry Page

A photograph of four people in a meeting. A woman on the left is writing in a notebook. A man next to her is pointing at a laptop. A woman in the center is looking at the laptop. A man on the right is resting his chin on his hand, looking thoughtful. A brown leather bag is in the foreground, and a white Apple logo is visible on the laptop. The background features large green plants.

Course's Mindset

Objective

Our goal is to provide **context** for what you will learn in Codecademy, and to show you what you can do with the knowledge acquired.

Our methodology

- Practice > Theory
- Learn together
- Show, not tell

More than **1,500 participants** over the past 5 years!

What we will teach you

- Ruby foundations & syntax 💎
- Core notions of programming 👩👨💻

What we will not teach you

- Front-end 📱
- Building web applications 📠

⚠️ ***This course is not a bootcamp!*** ⚠️

What makes a successful student 🎓

- Punctual for lectures: **We start at 7pm JST!** 🕒
- Complete **Codecademy** module in advance 🧐
- Not afraid to ask **questions ?**
- **Practice** makes perfect

Tools

Zoom: to attend live sessions

Slack: to ask questions and connect

Github: to get the course's material

_Codecademy: to learn on your own

Github (again!): to practice and go further

- Your  and 

Schedule

Ruby Foundations

Tue, Nov 11th **Kick-off | Introduction to Ruby (1 module)**

Thu, Nov 13th **Ruby Flow: Conditionals | Looping with Ruby (2 modules)**

Tue, Nov 18th **Data Structures: Arrays | Blocks & Sorting (2 modules)**

Thu, Nov 20th **Hashes & Symbols (1 module)**

Tue, Nov 25th **Object Oriented Programming: Part I & II (2 modules)**

Daily Schedule

Monday | Wednesday | Friday

19:00 - 20:00 Recap of the concepts for the day's modules

20:00 - 20:15 Going further (mini-programs, livecode, challenge)

20:15 - 20:30 Q&A session

Slack Channel: #batch-ruby-11-25 (it's a team effort!) 

One more thing...

Certificates 🎓🎓

- Attendance to **ALL FIVE** live sessions
- Ruby Codecademy track **100% completed**

THIS CERTIFIES THAT

John Tanaka

HAS SUCCESSFULLY COMPLETED THE

10-hour Ruby foundations webinar series

It will be intense
You will nail it 🚀!
